Detected Safety Issues

Safety Issue	Potential Risk
Worker on elevated platform without visible fall protection.	Worker could fall from the elevated platform, leading to serious injury.
Loose cables and materials on the floor creating trip hazards.	Tripping over loose cables or materials could cause injuries.
Worker standing near the edge of an elevated platform without guardrails.	Objects or tools could fall from the elevated platform, posing a risk to workers below.

AI Recommendations

- Ensure all workers on elevated platforms use proper fall protection equipment such as harnesses. - Clear the floor of loose cables and materials to eliminate trip hazards. - Install guardrails or safety barriers on all edges of elevated platforms to prevent falls.
